COSMETOLOGY

education that works!

The Cosmetology program provides training in hair, skin and nails. Classes will be held 4-8 hours daily on a year-round basis in order to meet the state requirement for completion. Training during the first semester is an introduction to all subject areas and is achieved through theory and a lab setting.

Intermediate and advanced training is the combination of theory pertaining to cosmetology and clinical training which is achieved through a clinical set-up with students working on patrons and/or mannequins.

Note: Colorado State Agency requires a minimum of 50 credit hours and/or 1500 clock hours. Upon meeting school requirements for receiving a certificate, a student may be eligible to register for the State Licensing Exam. Students will be prepared for the Colorado State Agency Licensing Exam.

Courses are taught concurrently, not individually, through competency-based, theory and practical instruction. Students must complete all coursework with a grade of "C" or better and all clusters must be completed before testing for state licensing. Courses are evaluated by examination and demonstration.

The following certificate may be earned:

Cosmetology Certificate

Career Opportunities

Become your own boss by renting your own station at a salon or a spa. You can choose the clients you want to work on and enjoy a flexible work schedule that fits your lifestyle and needs or enjoy the freedom and financial rewards that come with owning your own salon. You enjoy your own client base and choose your work hours. In addition, cosmetologists can become celebrity makeup artists, style hair for theatrical performances or travel the globe by signing on with one of many world-class cruise lines that employ spa and salon specialists.

Work Environment

The work environment involves normal everyday hazards or discomforts typical of most work environments. Comfortable levels of temperature, ventilation, lighting and sound are inherent in the work environment. Exposure to deviations from pleasant environmental conditions is only occasional.

Skills Needed

- Good communication skills
- Business and financial experience
- Artistic skill and ability
