

a great
place
to start for

AUTOMOTIVE TECHNOLOGY

The Automotive Technology Program provides students with the needed skills and attitudes for successful entry into an automotive servicing career. The Automotive Technology Program prepares students to enter the career field. After completing the program, for an additional 15 more credits at CCA you will have your Associates degree.

Not only do we teach you how to repair vehicles, we also train you in post-secondary workforce readiness throughout the program. The shop has all of the latest automotive equipment so you are not learning on outdated tools. The class provides experience in all eight specialty areas as well as preparation for ASE testing and certification.

In addition, the student may also earn the following industry-based certificates:

- Ford Web based Training*
- Hunter Alignment*
- SnapOn Certification*
- Subaru Web Based Training*
- SP/2 Safety Certificates*

Prerequisites:

- Students must be 18 years old at the end of year 2
- Students must have drivers license at the end of year 2

The following certificates may be earned:

Master Automotive Service Technician
