PROFESSIONAL PHOTOGRAPHY

The Professional Photography program at Pickens Technical College is a comprehensive, two semester program designed to prepare students for entry into the photography career field. These courses will take you from the basics of Exposure Theory, 35mm SLRs, and B&W Photography through Studio Lighting, Digital Imaging, and a Professional Portfolio. Upon successful graduation, you will be prepared to freelance, serve as a photographer's assistant or continue on with your photography education by transferring to one of Colorado's community colleges. All courses are transferable to any community college in the state offering the program(s).

The following certificate may be earned:
