

FACILITIES MAINTENANCE TECHNICIAN

Facilities Maintenance Technician Certification

Repair appliances and help maintain buildings with basic electrical, plumbing, and carpentry skills

The curriculum of this course prepares students for OSHA certifications. The facilities maintenance technician program will help students learn a variety of skills used in the industry, including the following:

- Perform inspections, preventative maintenance, and repairs on properties
- Utilize skills for maintenance concerning carpentry, plumbing, electrical, HVAC systems, and swimming pools
- Inspect mechanical equipment and appliances to locate damage, defects, or wear and make appropriate repairs
- Finish properties through work on floors, walls, painting, window treatments, fans, and lighting

Suggested educational levels:

- English literacy (reading, writing, speaking, and listening)
- Understanding of basic algebra

Suggested physical abilities:

- Capable of lifting 30 pounds
- Capable of sustained activity for 5 hours at a time

Class Hours:

- Morning: 7:50am - 10:40am Mon.- Fri.
- Afternoon: 12:05pm - 2:55pm Mon.- Fri.
- Program is 2 semesters in length, with start dates in Fall.
