How does concurrent enrollment benefit me?

1. The school district pays for tuition.
2. Students earn college and high school academic credits provided they earn a grade of C (71%) or higher in each program class at Pickens.
3. Credits are transferable to all Colorado community colleges.
4. Students earn an industry-recognized certificate to help obtain future employment.

Academic Credit for College-Level Learning Acquired in the Military

Pickens Technical College will assess a veteran's JTS and will award credit based on ACE recommendation. Any student who has acquired occupational knowledge in their program area through previous education, work experience, on-the-job training or any means other than formal education may challenge any course that will apply to specific CTE certificate programs. Some courses within a program do not provide challenge opportunities.

Pickens Technical College's Registration Department's Veterans Affairs Coordinator will assist any veteran or active military student in selecting a certificate program and verifying PLA credit awarded for the chosen program of study

Financial Aid

The Financial Aid Office offers grants, scholarships, and work-study opportunities for post-secondary students determined by FAFSA filing date. We also certify veterans for educational benefits administered by the Veterans Administration.

To apply complete the FAFSA at: www.fafsa.gov
Pickens FASFA School Code: 012875

In May 2014, Federal Student Aid (FSA) launched a new feature on its StudentAid.gov website, which allows aid recipients to access their federal student aid history directly on that site. Students, parents, and borrowers can now log in to Student Aid.gov to view their federal student loan and grant information from the National Student Loan Data System (NSLDS®)

This is the second step of a multi-phase project to develop a single point of entry for students accessing federal student aid information, applying for federal aid, repaying student loans, and navigating the college decision-making process. The site including this new feature is also completely accessible on tablets and smartphones.

Through Student Aid.gov, students can now:

- View their federal student aid history, including loan detail, grant detail, and overpayment detail get their loan servicer's contact information
- Find out how much Pell Grant eligibility they have left and
- Download their federal student aid history into a text file using the MyData Download function.

The NSLDS Student Access site will continue to be available and student aid recipients should continue to visit NSLDS.ed.gov exclusively to:

- update their address
- submit an enrollment change
- complete TEACH exit counseling and
- provide an organization authorization to their account

Grants:

Federal Pell Grant: This federal program serves as the foundation for other forms of aid and is

designed for undergraduate students who do not have a bachelor's degree. The amount of this award is determined by a federal funding formula and the cost of education at Pickens Technical College. Students who have a bachelor's degree are not eligible for this grant.

Federal Supplemental Educational Opportunity Grant (FSEOG): This federal program is designed to be awarded first to applicants with exceptional need. Students who have a bachelor's degree are not eligible for this grant.

Scholarships:

A variety of scholarships are available to students who plan to attend Pickens Technical College. Some are specific to individual programs. Please visit the Financial Aid Office located in Building B for more information about scholarships that may be available to you. We also recommend you research scholarship search engines for additional scholarship resources.

Student Loans:

Pickens Technical College does not currently participate in any student loan programs (Federal Stafford Loan, Direct Loan, Perkins, etc.). Students holding previous loans from other schools are eligible for deferment of loans in good standing. Deferment forms will be completed by the records office and sent to previous schools or the loan holder. For further information on loan deferments, contact the Financial Aid Office located in Building B.

Military Personnel:

Active duty military personnel and their dependents upon moving to Colorado on a permanent-change-of-station (PCS) basis are eligible for resident tuition rates. Pickens also accepts military orders as proof of residency. The form is to be presented at the Registration Office at the time they register for a class.

All post-secondary programs are eligible for veterans benefits and prospective students should contact the Registration Office for information on specific programs or classes. A veteran is ALWAYS responsible for their tuition bill at the time of registration. An application or certificate in progress does not exempt students from meeting financial obligations when they are due. Veterans may check their education benefits at va.org, click on Benefits & Education Training.

Students, whose certification program taken at the area technical school or technical college, requires less than 45 hours must complete more than the 15 required credit hours at CCA in order to bring the total number to 60 semester hours. These additional credits may be taken from any course in the CCA catalog which is applicable toward a degree.

Pursuant to Colorado's Statewide Transfer Policy dated February 3, 2005

5.3 Transfer of Credit from Area Technical Schools & Technical Colleges

- Know that any disclosure of sexual misconduct made to a college campus authority or responsible employee will result in a report as an annual crime statistic (with all identifying information withheld).
- Know in those cases where a student has been a victim of sexual assault and/or a violent crime while under the influence of alcohol, Pickens TECHNICAL COLLEGE will not pursue disciplinary actions against the student victim (or against a witness) for his or her improper use of alcohol (e.g., underage drinking). A student victim who is under the influence of alcohol at the time of a sexual assault is entitled to college and community assistance and encouraged to seek help.
- File a **complaint** with the U.S. Department of Justice and/or U.S. Department of Education Office for Civil Rights.

Definition of Consent:

Consent is informed, freely and actively given, and mutually understood permission or agreement. If physical force, coercion, intimidation, and/or threats are used, there is no consent. If a person is mentally or physically incapacitated or impaired so that they cannot understand the sexual situation, there is no consent. This includes impairment due to alcohol or drug consumption and being asleep or unconscious.

Consent is a clear understanding that someone is willing to do something. It must be voluntary. Silence IS NOT consent.

If the person is younger than 18 OR is physically or mentally incapacitated due to any of the following, then there CANNOT BE CONSENT:

- Disability
- Alcohol or drug use
- Involuntary physical restraint
- Sleep
- Unconsciousness
- Blackout

Using force, violence, intimidation, or unreasonable pressure to get what you want is NOT consent.

Examples of some of the behaviors that would constitute a lack of consent include the following:

- Engaging in sexual activity with an unconscious or semi-conscious person;
- Engaging in sexual activity with someone who is asleep or passed out;
- Engaging in sexual activity with someone who has said “no”;
- Engaging in sexual activity with someone who is not reciprocating by body movement;
- Engaging in sexual activity with someone who is vomiting, unable to stand without assistance, or has to be carried to bed;
- Allowing another person to engage in sexual activity with your partner without his or her consent;
- Requiring any person to perform any sexual activity as a condition of acceptance into a fraternity, sorority, athletic, or any other organization affiliated with the College;
- Telling someone you will “out” him/her if he/she doesn’t engage in sexual activity (e.g., threatening to disclose the person’s sexual orientation without his/her consent);
- Telling someone you will fail him/her or give him/her a grade different from what is deserved if he/she don’t agree to engage in sexual activity; or
- Facilitating or assisting in a sexual assault including purchasing or providing alcohol or drugs to further a sexual assault.

Definition of Sexual Misconduct:

A broad term that identifies forms of discrimination and harassment based on sex including sexual harassment, sexual assault, sexual exploitation, dating violence, domestic violence, and stalking. Sexual misconduct includes other acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex-stereotyping, even if those acts do not involve conduct of a sexual nature.

Get Help:

What to Do If You Have Been Assaulted:

After a sexual assault, victims often sense a loss of control. This is normal. Know that there are people on and off campus who will offer support and can help you make the decisions that are right for you to take care of yourself. It is important to remember that:

- You have choices
- There is no one right way to take care of yourself

Here are some things that are important for you to consider:

1. **Talk to someone you trust** like a friend, family member, counselor or victim advocate.
2. **Seek medical assistance** as soon as possible. Sexual assault can result in injury or illness that you may not immediately see or feel. It is important that you seek appropriate medical care promptly.
3. **Preserve physical evidence.** Resist the urge to change clothes, bathe, douche, eat, drink or brush your teeth. Do not go to the bathroom if possible. This is so that physical evidence can be collected and preserved. You do not need to decide at this time whether you want to pursue legal action but if you save the evidence, it offers you more options in the future when you are better able to decide.
4. **Discuss your options confidentially *without*** prompting a report to the College by contacting staff at Pickens such as an Administrator, the Social Worker, or School Nurse.
5. **File a report with the College** by contacting the Title IX Coordinator, School Nurse, or College Administrators.
6. **File a report with the Aurora Police Department.**

What to Do If Someone You Know Has Been Assaulted:

After a sexual assault, victims often sense a loss of control. This is normal. The individual will likely seek support from a friend. Knowing how to respond will be very helpful to your friend.

- **Listen.** Give your friend the time he/she needs to talk. There may be moments of silence. Do not feel pressured to say something. Support your friend by listening to his/her story.
- **Respect your friend's privacy.** Your friend has confided in you. Do not share information without his/her permission.
- **Get support** if you need it. Contact the Social Worker, the school nurse, or Title IX Coordinator.
- **Help to empower your friend.** Let your friend know that he/she has choices and that there is no one right way to take care of oneself following a sexual assault.
- **Educate yourself about resources** to offer to your friend. Check this website for a list of providers near our campus.

Student Evaluation of Instruction

Near the end of each semester students are given the opportunity to complete an anonymous, on-line survey evaluating the instruction they have received from each of their instructors. The survey results help instructors determine the effectiveness and improve the quality of their instruction. They also help Pickens in identifying additional programs that might be developed.

Student Lounge/Cafeteria/Food Service

Located in Building A, the Student Lounge (Student Commons) houses the cafeteria. Breakfast and lunch prepared by Paragon Food Services are available to all Pickens (secondary and postsecondary), and William Smith High School students and staff for a fee. Vending machines are available in the adjoining main hallway in Building A and in the Building B hallway. Food, drinks, sack lunches, etc., are welcome in the Student Lounge---please help keep the area clean!

Student Possessions, Valuables, and Theft

Students are responsible for their own belongings. PICKENS ACCEPTS NO RESPONSIBILITY FOR THE LOSS OR THEFT OF PERSONAL BELONGINGS INCLUDING CELL PHONES, IPADS, ETC. Students' valuable possessions should not be brought to school. Please do not ask staff for safe keeping of items brought to school. Students may carry school supplies in a backpack, gym bag, tote, etc. Lost or stolen items should be reported to teachers and to Administration. CELL PHONE THEFT WILL NOT BE INVESTIGATED. Found items are kept in the Main Office in Bldg A and in the Registration Office in Bldg B.

APS Board of Education Policy JIH states "When reasonable grounds for a search exist,

school personnel may search a student and her/his property (including a motor vehicle) while on school premises, on a school vehicle, or during a school activity.” The policy also gives school officials the authority to “seize any illegal, unauthorized contraband materials.”

PTC staff members take this policy seriously and will enforce it whenever necessary. If we have a reason to believe that any students are in violation of this policy, we will not hesitate to search their vehicles, locker, or property.

2. Vacations and Scheduled Breaks

- **Absences due to vacations outside of designated school breaks are not excused. Students are expected to schedule personal travel within official break periods.**
- **Family vacations during holidays or breaks are subject to the same exclusion unless expressly allowed by program policy. [L](#)**

3. High School Student-Athletes and School Events

- **High school students will not be excused to participate in athletic events or school-related functions, except in the case of mandatory state testing.**
- **Participation in athletics is not considered a legitimate excuse for missing instructional time.**

- **Program instructors will detail procedures for missed assignments in each course syllabus.**

PTC has high behavioral expectations for all students. It is our philosophy that students need to work through problems, not ignore them. PTC believes that our students can learn from their mistakes. PTC is committed to providing students with the opportunity to change inappropriate, unproductive behaviors into productive ones. With new skills and positive behaviors, it is our intent that students become successful, contributing members of the community.

Attire:

Students should dress for success. They should choose clothes that are appropriate for their career program.

At PTC, we ask that students wear clothing to school that would be suitable for their enrolled program. Individual programs may have additional dress code requirements that must be met, these may include uniforms and safety equipment specific to the program environment. We ask that individual students and their families support a positive and professional environment by dressing in a manner that will not be disruptive or detrimental to the learning environment. Religious and health accommodations can be made at the discretion of the Administrative Team.

Clothing that might be considered disruptive or detrimental to the learning environment may include:

- outfits that inappropriately bare or expose traditionally private parts of a body including, but not limited to, stomach, buttocks, shoulders, back, and breasts
- clothes, paraphernalia, jewelry, or body adornment that contain advertisements, symbols, words, slogans, patches, or pictures that:
 - are sexually suggestive
 - are drug or alcohol or gang related
 - are obscene or profane or legally libelous
 - promote hate or advocate violence

Gang Related Dress and Behaviors:

This policy is in place to protect the safety and well-being of all students. The term “gang” used in the policy refers to groups of individuals who share a common interest, bond, or activity characterized by criminal, delinquent, or otherwise disruptive conduct engaged in collectively or individually.

Gang activity in schools is often marked by the prominent display of certain colors or other symbols in wearing apparel by students, graffiti with distinctive symbols and the use of hand signals that denote gang membership. Students who adopt a dress style suggestive of such displays, or engage in graffiti or hand signals, even when unassociated with gang activity, may become targets of anti-social behavior. The purpose of this policy is to protect the health, safety, and welfare of those in the school community and to prevent the initiation or continuation of gang membership and gang activity in our school.

- Any manner of grooming or apparel which may include jewelry, hats, emblems, and badges, which by virtue of color, arrangement, trademark, or other attribute is associated with or denotes membership in or affiliation with a gang will not be allowed in school.
- Gestures, hand signals, or graffiti which denotes gang membership or activities is prohibited.

- Gang graffiti on school premises will be photographed as soon as it is discovered and then will be removed. The photographs will be shared with local law enforcement authorities and used in future disciplinary or criminal actions against the offenders.
- Any student wearing or carrying overt gang paraphernalia or making gestures that symbolize gang membership will be referred to administration for disciplinary action.
- Disciplinary action for violation of these standards will include student notification of the violation, the requirement of the apparel to be changed before returning to class, and, if deemed necessary, a parent conference. Repeated violations may result in suspension or removal from the program.

If there is a disagreement about the appropriateness of a student's dress or appearance, the student will be sent home. If the disagreement is with a secondary student, the student's parent or guardian will be contacted. Any student can seek the consideration of the Appeals Committee.

Bully Prevention: STOP-WALK-TALK

The APS adopted a procedure for Bully Prevention that will be taught in the classroom and reviewed frequently.

The procedure consists of victims **(1)** clearly communicating STOP, **(2)** choosing to calmly WALK away if the perpetrator's unwanted behavior does not stop and then **(3)** choosing to TALK to a staff member to get help concerning the situation.

The procedure for students being told to STOP is to **(1)** stop what they are doing, **(2)** take a deep breath, and **(3)** go about their day.

The procedure for staff being told to STOP is to **(1)** stop what they are doing, **(2)** take a deep breath, **(3)** acknowledge the stop signal, and **(4)** restate or rephrase the expectation or directive.

The procedure for a staff members being told by a student about a bullying situation is to **(1)** thank the student for coming to them, **(2)** ask what the problem is, **(3)** ask if the student said "stop", **(4)** ask if the student "walked away calmly", and then **(5)** determine what is the next appropriate response to prevent a repeat of the situation.

Cyberbullying: Save it

Cyberbullying is defined as "the use of information and communication technologies such as email, cell phones, text messages, instant messaging, and personal websites to support hostile behavior by one individual with the intent to harm others."

If a student makes reference to being bullied by any of these methods, please know that it is considered no different than harassment in person. Students should save the message and contact a staff member at school to report it. If a student is not comfortable reporting to a staff member, please know that Safe2Tell is an anonymous hotline for reporting bullying in and outside of the school site.

The toll free number for Safe2Tell is 1-877-542-safe, which is 1-877-542-7223.

In order to minimize cyberbullying, students should:

- Not erase any message they receive from a bully. They should keep a record of every message they receive.
- Tell someone either at his or her site or through Safe2Tell
- Not reply to any bullying messages they receive
- Look into how they can block these messages
- Keep all personal information private. Do not share details with others.

Student Discipline

PTC expects that all students behave in ways which foster a school atmosphere that is safe, conducive to learning, and free from any unnecessary disruptions. Recognizing that the goal of discipline is to effect change in behaviors, PTC administration and teachers will make every effort to assist the student in resolving conflicts, solving problems, and choosing more effective behaviors. When disruption and behaviors do occur which are detrimental to the learning environment, depending on the severity of the incident, the staff has agreed to the following progressive discipline process for redirecting or changing behavior.

Step 1: First redirect – a kind, gentle, clear reminder of the expected behavior.

Step 2: Second redirect – if possible, the teacher will hold a short hall conference where the student and teacher have a respectful exchange about behaviors, observations and a clear plan about expectations and consequences.

Step 3: Third redirect – if the student behavior does not change, a teacher will then contact the program administrator.

If disciplinary issues are ongoing or cannot be resolved at the classroom level, administration may become involved. Parent/student contact and conferences may be scheduled in order to assist the student in making the needed changes that will allow them to remain in our school.

If a student is involved in a serious discipline incident, the teacher or administrative supervisor will immediately contact the administrator to support rather than follow the redirect process. School administrators do have the discretionary power to discipline students. Disciplinary actions may include removal from class, search and seizure of personal property, assignment to work detail, suspensions from school, and/or recommendations for expulsion. Emergency situations or behaviors which pose a threat to the health, safety, and welfare of staff and students will be dealt with immediately by an administrator. *Please refer to the Safe School Policies and Procedures Handbook at www.pickenstech.org for specific information on offenses and consequences.*

Safe Schools Policies and Procedures

PTC enforces and abides by the Safe Schools Policy guidelines put forth by the Aurora Public Schools District. Students are expected to conduct themselves in an appropriate manner at all times and to adhere to the Safe Schools Policy and school conduct guidelines. Behavior which is inappropriate or

which interferes with the learning of students may result in serious consequences. *State law and District policies require an expulsion* for possession of a firearm. Suspension and possible **expulsion can result** from: **(1)** possession of a dangerous weapon (including pocket knives - depending on the style and size). **(2)** sale of illegal drugs, **(3)** commission of an act which, had it been committed by an adult, would have been robbery, **(4)** commission of an act which, had it been committed by an adult, would have been assault and **(5)** false accusation of offense by staff. Expulsion can be for a period up to one full calendar year.

Drugs, Alcohol, & Tobacco: Rules and Procedures

PTC is committed to helping any student who may have a substance abuse concern or problem. We are equally committed to maintaining an educational environment that is free of illegal drugs, alcohol, and tobacco. Consequently, the following procedures will be observed when dealing with these issues.

Any student who requests help with regards to a substance abuse issue will be offered as much assistance as our resources allow. When appropriate, all measures will be taken to maintain confidentiality.

Any student who is found under the influence or in possession (internal – already consumed or external – in purse, pocket, backpack, etc. or having the noticeable odor) of illegal or synthetic drugs or alcohol will be subject to the following consequences:

Under the Influence:

Any person at PTC may refer a student to an administrator if they have reason to believe the student is under the influence of drugs or alcohol. *NOTE: the odor of marijuana or alcohol is sufficient grounds for referring and disciplining a student for being under the influence.* If a student is considered to be under the influence of drugs or alcohol, the student will be suspended from school.

Possession of Illegal Drugs, Paraphernalia, or Alcohol:

In all cases involving possession of illegal drugs, drug paraphernalia, or alcohol, the following procedures will be observed:

- The student will be disciplined and possibly suspended for a period of time, possible recommendation for expulsion or withdrawn from school.
- In all cases involving possession, the Aurora Police will be notified and students may be ticketed for the offense.
- **(Be aware that a person, 18 or older, giving or sharing illegal drugs with a minor, under 18 years old, can be charged with a felony. Felony convictions may limit or prevent students from pursuing certain careers.)**

Tobacco:

Colorado state law prohibits the use and distribution of tobacco products on school property, regardless of the day or time. Tobacco use on Aurora Public Schools property is not permitted, even in private cars in the parking lot.

Smoking:

Smoking is not permitted anywhere on any Aurora Public Schools property at any time including

inside cars parked on campus. APS property on the east side of Airport Blvd. extends from 6th Avenue south to CenterTech Parkway. Smoking is permitted beyond the fence gate opening at the north end of the North Parking Lot or on the Airport Blvd. sidewalk south of the chain-linked fence south of William Smith High School.

Electronic or non-tobacco cigarettes are difficult to distinguish from tobacco cigarettes from a distance and as such are prohibited from use on campus.

Marijuana and Marijuana Containing Products

Marijuana and marijuana containing products sale, possession, use (odor) or being under the influence will result in discipline and possible suspension or expulsion as indicated in the Safe School Policies and Procedures. Whether a person has been approved for the use of medical marijuana or not has no bearing on a school campus.

Reporting Inappropriate Actions

Both staff and students have the responsibility of maintaining a safe environment for learning at Pickens. Whether observing or experiencing inappropriate actions of others, staff and students are responsible for reporting those actions. Reports should be made to staff or administrators. Anonymous reports can be made by calling Safe2Tell at 1-877-542-SAFE.

Pickens and the Police

The school will cooperate and assist the Aurora Police Department in the investigation of on-campus and off-campus situations as directed by APS Policies and Procedures.

Social Networking & Video Sharing

Students should refrain from taking pictures or videos and should from posting pictures or videos on social networking sites without prior approval from students or instructors while at Pickens. Students in the Professional Photography class will take into account the need for Media Release approval of any student/client photos.

Emergencies

During FIRE ALARMS, all students should immediately vacate the building in an orderly manner to a position as close to 300 feet as possible from the structure. Students are not to stop for personal belongings or the restroom. Students are required to remain with their instructors until the "All Clear."

During TORNADO WARNINGS, all students must follow directions from their teacher. Each room has a clearly marked sign giving specific instructions of where to move and what to do.

If a POWER FAILURE occurs, students should normally remain in the area where they are currently located.

If a DISASTER occurs, students will be directed to safety. Parents can call the administration building at 303-344-4910 for information on where they can pick up their students.

During a LOCKDOWN, all students will follow directions from their teacher. Students in the hall when a YELLOW or ORANGE LOCKDOWN is announced should immediately return to class or move to the closest lockable room. During a RED LOCKDOWN students in a bathroom should stay in the bathroom, go into a stall and climb up on the toilet seat with their feet off the ground. Remain quiet.

School Closures

SCHOOL CLOSURE, such as that resulting from adverse weather conditions, is announced ON THE APS WEBSITE, <http://www.aurorak12.org>, and by the LOCAL media.

SNOW DELAYS will impact the AM departure time for school buses bringing students to Pickens. The times are posted with the regular APS bus schedules.

Technology & Electronic Devices

Cell phone and electronic device usage varies by program. Your instructor will share program guidelines on permissible phone and electronic device during class time. Also, refer to your syllabus for specific information.

Vehicles & Parking

Parking Lot

Students are not allowed to loiter around or sit in vehicles during the school day. THE SCHOOL CANNOT BE HELD RESPONSIBLE FOR STOLEN OR DAMAGED PROPERTY INCLUDING VEHICLES, MOTORCYCLES AND BICYCLES. Cruising the parking lot is not allowed. THE CAMPUS SPEED LIMIT IS 5MPH. Students who speed, drive recklessly or park in unauthorized areas may lose their parking privileges.

Parking Permits

For safety reasons, all students parking on campus must register their car(s). Parking permits for students are available during the Photo ID process and anytime in the Registration Office. Students must be insured and have a valid driver's license to park at Pickens Technical College. Students may park in the designated parking lots if they obtain a PTC parking permit. Students will need to know the license plate number, make, model and color of their car to register for a parking permit. If a vehicle is parked in a PTC parking lot, it must display the appropriate parking permit out of the driver's line of sight on the front windshield. If not, the vehicle may be towed and all expenses incurred will be the responsibility of the vehicle owner. A printed, adhesive warning will be placed on a car at least one day before it is towed.

Notice of Non-Discrimination:

The Aurora Public Schools is committed to the policy that all persons shall have equal access to its programs, facilities, and employment and does not discriminate on the basis of race, age, color, creed, national origin, sexual orientation, disability or sex and provides equal access to the Boy Scouts and other designated youth groups. Career and technical education opportunities will be offered without regard to these protected classes. In adhering to this policy, the Aurora Public Schools abides by Title IX of the Education Amendments of 1972, the Americans with Disabilities Act, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act and Titles VI and VII of the Civil Rights Act of 1964.

Questions, complaints or requests for additional information regarding these laws or issues concerning discrimination (including information about how to file a grievance if you believe you are the victim of discrimination) should be directed to the compliance coordinator for these issues, Aurora Public Schools' Legal Counsel, 15701 E. 1st Ave., Aurora, CO 80011, 303-344-8060 ext. 28301. This notice is available in alternative formats.

Access to Student Information/Student Records – Rights and Privacy:

From time to time, Aurora Public Schools personnel are asked to share student information with someone other than the parent or guardian of the student. Aurora Public Schools is unable to provide this information because it is illegal according to federal law (Family Educational Rights and Privacy Act). There are some exceptions which include requests of information through a subpoena, information classified as "directory information" (such as email address, date of birth and photograph), and information which is shared with a different school in which the child seeks to enroll or when parental consent is given.

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the School receives a request for access.

Parents or eligible students should submit to the school principal or appropriate school official a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the school to amend a record should write to the school principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable

information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that APS, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, APS may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow APS to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks.

If you do not want APS to disclose directory information from your child's education records

without your prior written consent, you must notify the District in writing, within 15 days of the start of school or within 15 days of receipt of this notice for those parents of students who do not start the year with APS. APS has designated the following information as directory information:

- A. student's name,
- B. date and place of birth,
- C. electronic mail address,
- D. photograph,
- E. grade level,
- F. major field of study,
- G. participation in officially recognized activities and sports,
- H. weight and height of members of athletic teams,
- I. dates of attendance,
- J. awards received,
- K. most recent previous educational agency or institution attended by the student or other similar information, and
- L. other similar information.

Student telephone numbers and addresses will not be disclosed pursuant to this section.

Annual Notice To Parents of Secondary Students: Disability Discrimination:

In compliance with a federal law known as Section 504 of the Rehabilitation Act of 1973, the Aurora Public School District will provide to each protected student with a disability, without discrimination or cost to the student or family, those related supplementary support services or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities to the maximum extent appropriate to the person's abilities. In order to qualify as a protected student with a disability, the child must meet the following definition: he or she must be of school age with a physical or mental disability which substantially limits one or more life activities, (such as learning) or prohibits participation in or access to an aspect of the school program. In addition, one who in the past has had such a disability or is perceived by others as having such a disability may also be protected by law from discrimination on the basis of disability.

Even students who are not eligible to receive services under the traditional special education programs, which are provided pursuant to the Individuals with Disabilities Education Act, may be eligible to receive supplementary supports, services, and accommodations, if they fall within the definition of disability stated above.

In addition, the district does not discriminate in admission, treatment, employment or access to its programs or activities.

For further information about the evaluation procedures and provisions of services to students with disabilities, contact the district's coordinator of Section 504 Compliance in School Services, at phone number 303-344-8060, ext. 28025, or write to the 504 Compliance Director, Aurora Public Schools, 1085 Peoria St., Aurora, CO 80011.

For specific information relating to special education services for students with disabilities under the Individuals With Disabilities Education Act, contact the Department of Exceptional Student Services at 15751 E. First Ave., Aurora, CO 80011, 303-340-0510.

Office of Disability Services

Pickens is committed to providing reasonable academic adjustments for students with disabilities in accordance with Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act. Our goal is to ensure that students with disabilities have equal access to academic programs, services, and activities.

1. Requesting Academic Adjustments

Students with disabilities who require academic adjustments should contact the Office of Disabilities, located at Pickens Technical College 500 Airport Blvd. Aurora CO 80011, or reach out by phone at 303-344-4910 or email at Pickens504@aurorak12.org. The request process will be explained, and students will be asked to provide appropriate documentation supporting the need for accommodations.

2. Process

The College will engage in an evaluation process with each student to determine the nature and extent of necessary accommodations. This process involves:

- The student provides documentation of their disability (if not already on file).
- A discussion between the student and the College to identify individual needs and Potential adjustments.
- Development of a plan to implement agreed-upon accommodations.

3. Essential Academic Requirements

While reasonable accommodations will be provided, academic requirements that are essential to the course or program, or directly related to licensing or accreditation, will not be adjusted unless they result in discrimination. The College will ensure that essential academic standards are maintained while providing access to qualified students with disabilities.

4. Timeframes for Processing Requests

Students are encouraged to submit requests for accommodations as early as possible. Pickens aims to review all requests and provide a response within 30 business days of receiving the request. Students will be notified in writing of the accommodation decisions.

5. Referral to Appropriate Contacts

Students who inquire about accommodations will be promptly referred to the appropriate office or staff member responsible for processing requests. If a request is submitted to the incorrect office, it will be forwarded to the appropriate personnel without delay.

Grievance Process

PTC Student Grievance Process is intended to allow students an opportunity to present an issue which they feel warrants action, including the right to secure educational benefits and services.

Please refer to this [link](#) that describes the steps that you must take to start the grievance process. This information is also available on the Pickens website under the Student Resources tab. If you decide to use the grievance process, you should be prepared to present all the reasons that support your request.

If you are dissatisfied with the outcome of the school's grievance procedures or wish to pursue an alternative to using those procedures, you may file a complaint against the school with OCR or in a court. Homeless Children & Youth - McKinney-Vento Act

If a student meets the federal definition for homeless, the parent(s) and the student(s) have the right to enroll in the student's designated attendance area and to fully participate in any school programs offered to students, for which they meet eligibility requirements. Homeless students are not required to attend a separate school for homeless youth and will not be stigmatized by school personnel. Homeless parent(s) and student(s) do not need to provide school documents, proof of residence or immunization records when enrolling. Schools may assist parents with information on clinics for immunization or with requesting school documents. Homeless students will be provided comparable services including transportation, education and meals. If a parent is denied enrollment they may appeal the decision for non-enrollment to the district's homeless liaison. Upon review of the situation, The district's homeless liaison will make a final decision on the enrollment of the student.

If a family or youth becomes homeless during the school year, parent(s) may request assistance with transportation for their child to continue attendance at the school of origin. This request is only applicable if the family or youth needs to move to a location outside of the

school's attendance area. This assistance with transportation to the school of origin will be provided for the balance of the current school year. In determining transportation options, the homeless family liaison will consider the hardship of the student if transportation is deemed too long for the student to ride on the bus or if the time involved would also cause some hardships for the student and their family.

For more information on homelessness and the rights of homeless parents and youth, please contact the Metro Migrant Education Program, Aurora Public Schools, at 303-344-8060 X28426.

Protection of Pupil Rights Act (PPRA) Notice

Under the federal PPRA, parents have the right to prior notice of (1) any activities involving the collection or disclosure of personal student information for marketing purposes; (2) the administration of any survey designed to gather private student information (including information about political affiliation, family income, mental problems, illegal behavior, sexual behavior and attitudes and religious beliefs); and (3) any non-emergency, invasive physical exam or screening that is required as a condition of attendance, administered by the school and scheduled in advance, and not necessary to protect the immediate health and safety of the student or other students. These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law.

Aurora Public School District (APS) [has developed and adopted] policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. (APS) will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. (APS) will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. (APS) will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this requirement:

Academic Credit

Academic credit granted for postsecondary courses successfully completed by a qualified student shall count as high school credit toward the board's graduation requirements, unless such credit is denied. High school credit shall be denied for postsecondary courses that do not meet or exceed the district's standards. High school credit shall also be denied for a postsecondary course substantially similar to a course offered by the district, unless the qualified student's enrollment in the postsecondary course is approved due to a scheduling conflict or other reason deemed legitimate by the district.

Pickens Technical College prepares students for careers and industry specific licensure. Most programs are one or two years in length. Students must successfully (with a grade of C or better) complete each course within the program to receive the PTC Certificate of Completion. Students who fail one or more courses in the first semester of the program will not be allowed to continue in the program or register for the second semester. There may be extenuating circumstances in which permission to continue to the second semester would be granted, but that would be decided by the instructors and administrator of the program.
